Taking Your Taste Buds On A Journey.

Elegant and dynamic, this very trendy style is perfect on its own as a meal replacement. Perfect as a plated meal service, as a complement to a succulent grazing table or alternating with the buffet service. Perfect for monitoring food perfectly and gives the guest a sparkling and engaging service.

Buon Appetito.

How It Works?

Food is put on trays in the kitchen and passed by servers. Guests serve themselves, using cocktail napkins provided by the Butler. This is a typical style of service used for upscale receptions. This style of service is only appropriate for "finger food."
